## COUNTY NEWS NOTES.

(To insure insertion ALL corre-  
spondence must be in this office by  
Monday night of each week, and  
that nearby on Monday morning.)  
Our correspondents are derelict in duty  
and we want to say that henceforth they  
will not receive papers except for the  
week they have news letters. We are  
dependent upon them for the news and  
when they fail to send in their favors  
they put us to great inconvenience.

**SUNNY SIDE.**  
Edward Oney went to Jackson  
Saturday on business.  
Aunt Kittie Nickell, of Grassy, is  
in this section on the sick list.  
Mrs. Oney spent Friday and Sat-  
urday with Mrs. F. N. Day, of your  
town.  
Mrs. E. K. Pike and Mrs. H. H.  
Swango spent Sunday at Sunny  
Side.

Callie Oney was visiting Miss  
Mattie Cope, of Big Frozen, Satur-  
day and Sunday.  
Turkeys in this neighborhood  
are dying with cholera. Of course,  
nothing else ever gets the matter  
with fowls.

Brother Tyler, Mrs. Ellen Swan-  
go and Miss Clarke Long passed  
through here last week on their  
way to Pinhook to attend the  
campmeeting.

George Brooks and Jas. Spencer,  
of Stillwater, in company with  
Uncle Rastus Brooks, left last  
Thursday for the reunion of old  
soldiers.

Anderson Low, of Grassy creek,  
spent two or three nights last week  
at this place, but he had been in  
the sorghum business until he was  
the worst stuck up boy we ever  
saw.

In a private letter to this place  
from Miss Laura Bishop, of  
Levita, Texas, she states that her  
brother Sam is soon to be married,  
but did not say to whom. So the  
reader will have to guess who.

Maud Taulbee and Will Alex-  
ander, of Daysboro, passed through  
here Sunday on their way to May-  
town to attend that funeral ser-  
vice.

We left our Sunny Side home  
early last Thursday morning for  
Breathitt county, and over hills  
and high mountains away we did  
go until about one o'clock we  
reached the Nigger branch school  
house where our brother is teach-  
ing. After spending a few hours  
there, we went to Loge Terrill's,  
where my brother boards, to spend  
the night, and on Saturday, in  
company with Miss Dora Terrill,  
we went to the mouth of Frozen to  
see our sister who boards with the  
Rev. Bud Flinchum. Spent a  
pleasant day with her, and came  
back to James Copes for supper.  
We were so sick and tired of our  
journey that we failed for the first  
time to eat gravy, although it was  
of the best quality. Those good  
people up there certainly know  
how to make a romping girl enjoy  
herself, and we came home Sun-  
day evening feeling that it is bet-  
ter to "wear out than to rust out."

**GILLMORE GLEANINGS.**  
Inclosed find sixty-five cents for  
which please send THE HERALD  
and The Farm Journal to Mrs.  
Lizzie Roeder, Mercerville, N. J.

We are pained to chronicle the  
death of Rev. H. H. Little, of the  
Christian church. Old Uncle  
Harry, as he was most commonly  
called, who departed this life Oc-  
tober 11th at 9 p. m.; he has kept  
the faith, he has finished his  
course, and gone to wear the crown  
that was laid up for him, and not  
for him only, but for all that love  
and serve God. He was aged about  
73 years, and leaves a wife and  
several children and grandchil-  
dren, and many other relatives and  
friends—we might say legions to

mourn his loss. Our sympathy  
goes out for the bereaved ones.  
Don't grieve, dear friends, your  
loss is heaven's gain, only prepare  
yourselves to meet him who will  
be waiting and watching for you  
to welcome you home.

### The Triennial Conclave.

Not only Templars and Masons  
of every other degree are showing  
deep interest in the Triennial Con-  
clave to be held in Louisville next  
August, but citizens in every walk  
of life in Kentucky are manifesting  
a feeling of rare concern in its suc-  
cess. These encampments, held  
every three years, bring together  
the most representative body of  
American citizenship and much  
rivalry always results in the attempt  
to secure its next meeting. Louis-  
ville tried 12 years before being  
able to land this prize gathering,  
and now proposes to make it the  
banner conclave of all, covering a  
period of nearly one hundred years,  
the first meeting being held in New  
York in 1816 and the latest in  
Pittsburg in 1898. Citizens of  
Louisville, with the aid of the Mas-  
ons of the state, are raising an en-  
tertainment fund of \$100,000, and  
36 committees are now at work  
collecting it and making appropri-  
ations for the various forms of  
amusements and special features  
during the conclave. Seven thou-  
sand dollars is to be spent on a street  
pageant, the floats of which will  
convey to the thousands of people  
lining the side walks the history of  
Templary since the Crusades. Five  
thousand more dollars is to go in  
prizes to be offered at the competi-  
tive drill, the first since the San  
Francisco conclave in 1883. Another  
big amount of money will be  
burned up in the fire works on the  
river front, unequalled in the an-  
nals of American celebrations. The  
remainder will be distributed  
among the horse show fund, full-  
dress balls, vaudeville entertain-  
ment, boat excursions and to mon-  
ster parade with 25,000 uniformed  
Knights in line. A feature of  
special interest to interior Ken-  
tuckians are the side-trips being  
arranged. Nearly every command-  
ery will take a sight seeing run  
into the Blue Grass, the mountains  
or Western Kentucky. Every com-  
mandery in the state has been  
asked to appoint a sponsor—the  
most beautiful girl of its section—  
for the Triennial.

A large time is anticipated at  
West Liberty on Monday. We un-  
derstand that Senator Blackburn  
and Hon. Wm. Thorn, of Henry  
county, will address the people, and  
it is confidently believed that Mon-  
day will bring to West Liberty the  
largest crowd seen there in years.

gar, Doyle & Co., Knoxville, Tenn.,  
was a guest of the Day House,

## EDITORIAL BRIEFS.

SINCE the coal strike began we have heard less of the full dinner pail.

If Roosevelt wants to see what a crowd is like he ought to travel with Mr. Bryan for a while.

SOMEBODY ought to tell the Colorado miners that their state is expected to give its vote to McKinley.

MARK HANNA continues to insist that there are no trusts, and that they reduce prices. Mark's is a comprehensive mind.

IN what way has our government in Cuba been better than that of Spain? We wait for a reply, but we don't expect one.

NOW cometh the time when the intelligent voter will want to vote and will find that he has forgotten to register until too late.

GOVERNOR HOGG, of Texas, calls Roosevelt an "iridescent incubator" of war ideas. That certainly ought to hold Teddy for a while.

AS IF Shanghai had not done sufficient service in the cause, the French government is also about to publish a "yellow book" on China.

IF Roosevelt will only continue to orate through the west a little longer, he will make all of that section absolutely certain for Bryan.

THE republican attitude towards trusts is much like their attitude towards prohibition. They favor the law but oppose its enforcement.

RUSSIA, it is understood, gets Manchuria in return for the retreat from Peking of the Russian troops. What does the United States get?

MR. HANNA says that Bryan is an honest man but a demagogue. There is little chance that Bryan will reverse this statement and apply it to Hanna.

EX-GOVERNOR PATTERSON, of Pennsylvania, who has just returned from Porto Rico, draws a terrible picture of the results of carpet-bag administration there. He says that the people are bankrupt both individually and as a whole and are starving.

THE playing card trust has discovered that wicked merchants are buying the cards that the trust shipped abroad, bringing them back free of duty (as being of American manufacture) and yet selling them for less than the trust will sell for in this country, and has asked the treasury department to put a stop to it. In other words, the trust confesses that it sells its product abroad for tithe of what it charges at home. It is pleasant to add that even the McKinley treasury refused this outrageous request.

IT is certainly singular that whenever the administration puts forth a statement in regard to the suppression of the so-called rebellion in the Philippines, the next cable via Hongkong—where the censor cannot reach—should bring the news of an American reverse that gives the lie to all the administration optimists. It has happened again and again.

IN a recent speech, Mr. Bryan called the attention of the Wisconsin farmers, who raise large quantities of barley, to the fact that they, at least, had not profited by the alleged prosperity. The price of their crop is shown by statistics to have sold for four cents a bushel less than during Cleveland's administration.

IN 1896, according to Indiana law, the ballots were destroyed before the judges left the polling booth. This year, the law provides that they must be retained for a while. The republicans, therefore, will not dare to steal the state as deliberately as they did four years ago.

NOTE these facts! Secretary Long rejected, all the armor-makers' bids as being extortionate. Senator Penrose and Carnegie's manager called on President McKinley. Carnegie came out openly for McKinley's re-election. Secretary Long decides to reconsider his rejection of the armor bids. Ha! ha! ha!

GOVERNOR MOUNT, of Indiana, is said to have asked Hanna for Heavens sake to stop explaining his anti-trust speech, because the more it is explained the worse it gets. Governor Mount, himself, has been careful to avoid explaining his protection of the alleged murderers of Goebel.

MR. ROCKHILL has reversed the unofficial interview that he gave to the Associated Press and now says that American troops can be safely retired from China. There is more than a suspicion that Mr. Rockhill advises whatever McKinley directs.

ISN'T it somewhat curious that we can ship coal to Great Britain, pay the freight and sell it at a profit in the British market, and yet require a duty of 40 cents a ton to keep the British from shipping their coal into the United States?

OF course, the war is over in the Philippines, in spite of the average weekly casualty list of about 50 and the army of 65,000 still maintained there. "The devil is dead," no doubt, but who carries his business on so well?

ALFRED AUSTIN is said to be preparing a poem on Prince Tuan and the Chinese troubles. We object. It's all right to put Tuan to death, we suppose, but it isn't right to inflict cruel and unusual punishments even upon him. Please don't, Alfred.

LOTS of men had laid in their coal supply when the strike began, but very few of them had paid for their wives' new tailor-made suits for the winter. Therefore, there are still heavy tribulations to be borne.

How many babies can you think of that have been named for McKinley this fall? How many named for him four years ago? This is only a straw, but it is a strong one as to the direction of popularity nowadays.

A NEW World's Peace Congress is to meet in Paris. We can't help wondering whether the United States and Great Britain will have the nerve to send delegates to speak in favor of peace and arbitration.

THE London alderman receive no salaries, but possibly their places may be worth something after all, now that Mr. Yerkes, of Chicago, is going into the street railway business there.

HANNA says that the only trust is trust in McKinley. Well, it seems cruel to attack the dying but if Hanna will wait until November, Bryan will swat that along with the other trusts.

IF militarism is not an issue why is Roosevelt using it in his campaign? Why is he met at every station by a Rough Rider outfit and why does he so glorify the military displays they make?

THE republicans charge that Bryan has too many issues and is too impartial amongst them. The only issue they really want is one that will scare money out of the pockets of the bankers, trusts and corporations.

THE frost that settled on the brow of Teddy at Mt. Sterling on Monday will only be dispelled by the freeze that will come the 7th of next month. The only sunshine apparent was in the smiles of the Bryan democrats present.

THERE are 350 rolling mill men on a strike at Hartford, Conn., on account of the empty dinner pail, and your Uncle Mark Hanna will try the taffy-tolu trick with them until after election.

FOR a country that boasts of the "full dinner pail" for its working people did you ever hear of so many strikers, who claim that under the trusts they cannot live at starvation wages.

OHIO cast 76,000 more votes in 1896 than the census figures for the present year show her to contain voters. Where did those votes come from, Mr. Hanna?

HOWEVER bad Richard Croker may be alleged to be, few people have the nerve to say that he is any worse or more dangerous to the life of the republic than is Mark Hanna.

PORTO RICANS have registered in Baltimore as "citizens by annexation" and will vote at the fall election. This is all wrong, of course, congress merely gave them 15 per cent of a vote.

THE trouble with Germany's proposal to punish the guilty before negotiating with China, seems to be that, if this were done, there would be no government left there to negotiate with.

SOMEHOW, the Boer leaders are not surrendering as fast as had been expected. Maybe, Kruger is really going back and may be the war is not yet over.

EARL LI had better get his peacock feather and his yellow jacket clamped down before the wind shifts again and Tuan gains the ascendancy once more.

AS SURE as the sun shines in the heavens McKinley's selection means the authorization of a standing army of 100,000 men. Who doubts it—and who wants it?

MR. HANNA says there are no trusts because the laws forbid them. Will he say that there are no thieves, for instance, because the laws forbid them?

EMPEROR WILLIAM talks right up to the point in his letter to Kwang Su. He wants blood, and means to have it.

W. R. SMITH'S COMMERCIAL COLLEGE, LEXINGTON, KY.

Is The Place to Educate for Profit, to Get a Living and Become Useful Citizens.

A good education is necessary to make our children influential in the world. It is an imperishable capital, a grand legacy that will last as long as life exists. No young man should venture into business for himself or attempt to take charge of another's without a business training.

Prof. Wilbur R. Smith has been the well known president of the Commercial College of Kentucky University, Lexington, Ky., for 25 years during which time he has educated thousands of young people for positions of honor and trust. His graduates are to be found in high salaried positions all over this broad land. Prof. Smith makes a specialty of imparting to young and middle-aged people a practical education, as bookkeeping, shorthand and typewriting, etc. He has been connected with various enterprises in an official capacity; has been vice president of a National bank, and adjutant general of Kentucky. He now devotes his whole time to his college work. This responsible and influential college watches the interest of its pupils.

Situations are secured by hundreds of its graduates every year. They have the distinguished honor of being awarded the diploma by the Kentucky University, under seal.

Lexington, Ky., contains 35,000 people. Its society has always been recognized as the most hospitable and cultivated. It is the very place for young people to attend college during the summer and fall.

At no time in the history of the entire country has there been such a demand for educated young men and women. The south is richer now by far than ever before. More factories are going up and new capital coming from the North and East seeking investment. In conclusion we refer you to Prof. Smith's advertisement in this paper. He will gladly send you full particulars of his famous college by addressing only, Prof. W. R. Smith, Lexington, Ky.

FOR SALE—A scholarship in the Commercial College of Kentucky University. By early application at this office some young man can save several dollars.

Grand Fall and Winter Opening.

There is nothing in the way of news, perhaps, that will so much interest a certain element in our society as the fashions in dress, and when we say dress we mean every article that goes to artificially beautify our already beautiful and bewitching maidens and matrons. Miss Lula Kash, herself, having in mind our very idea, has just purchased and will today and tomorrow (Friday and Saturday) display the most elegant line of ladies' trimmed and untrimmed hats, hat trimmings, dress goods and dress trimmings, ribbons, belts, tucking combs, buttons, hooks and eyes, pins, etc. Her line of trimmed hats is said to be the finest that was ever brought east of Mt. Sterling, and Miss Lula assures us that she will sell at prices that no one dare duplicate unless they wish to go into voluntary bankruptcy. And in all lines as well her prices are away down to bedrock. She wants every lady in the land together with their mothers, cousins, aunts and sisters-in-law to call tomorrow or next day and see the display. Featherers, yes indeed she has some beauties, many of them plucked from South African ostriches since "Bobbs" made Kruger trek.

## THE HERALD.

### FARM JOURNAL

Great Offer. From now to Dec. 1903, Nearly 5 Years.

By special arrangement made with the publishers of the FARM JOURNAL we are enabled to offer that paper to every subscriber who pays for THE HERALD one year ahead for only \$1.00 both papers for the price of ours only; our paper one year and the FARM JOURNAL from now until December 1903, nearly 5 years. The FARM JOURNAL is an old established paper enjoying great popularity, one of the best and most useful farm papers published.

This offer should be accepted without delay.

W. T. Caskey left Sunday morning for Mt. Sterling on a business visit.

Joe Robards on Monday sold to Ira Wells his farm, lying at the mouth of Gillmore creek, containing about 40 acres, for \$300 cash in hand.

Burke Finch on Monday bought of Uncle Pres Trimble 62½ acres of land lying between his farm and the farm of Sabron Trimble, for \$400.00.

**HUMORS**, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

Roscoe Burton, of Lawrence county, has accepted a position in John Davis' shop. He comes recommended as a first-class workman, and Mr. Davis promises satisfaction to all customers.

Remember the election for president of the United States will be held two weeks from next Tuesday, and let every democrat be at the polls and cast his vote for Bryan and Stevenson.

"You May Bend the Sapling, but not the tree." When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself. Hood's Pills are a favorite family cathartic.

Miss Alice Wills, who lives with W. T. Caskey and wife, was taken suddenly ill on Sunday night while in church, and for a while her condition was critical. Dr. Nickell was summoned to attend her, and on Monday morning she was much better!

Uncle John Rose, of Lacy creek, has the thanks of the editor and his better ½ for two of the finest sweet potatoes we have seen this season. They weighed nine pounds, and Oscar Cecil says he is willing to give up the laurels to Uncle John.

There are fifty million herd of cattle in the United States, of which number from fifteen to twenty million are dairy cows. If every one of our readers would get Biggle Cow Book, published at 50c, by Wilmer Atkinson Co., Philadelphia, they could greatly increase the product from every cow in their herd.

**SHE NEVER SMILES.**  
BY SAM WILSON.

She never smiles, although a queen,  
A jewel in society's class;  
While at her home the gifted stream  
And homage pay to this fair lass.

Her heart is pure and fancy free,  
And stoops not to the art of wiles;  
She's beautiful as beautiful can be,  
And yet she never, never smiles.

I saw upon her peerless face  
No shadow of an inward gloom,  
But an ever present exquisite grace  
Was glowing there with radiant bloom.

Beneath the blue expanse of sky  
There's none with brighter charms arrayed;  
She never smiles, I'll tell you why,  
Because her front teeth are decayed.

S. R. Collier, the West Liberty dentist, will be in Hazel Green on the 24th inst., and remain for a short time only. All who need dental work of any kind should avail of the opportunity and take time by the forelock so as to be prepared when he comes, as his time is limited, and he can not stay but a few days. Dr. Collier has done a good deal of work for citizens of our town and the vicinity, and we have never heard of a complaint in any way. He renders satisfaction and is prepared to do any kind of work in the latest and most approved style, and at prices low as the like class of work can be done for. Remember he will be here on the 24th and be prepared to see him on the 25th. Then you will not be disappointed.

Henry Murphy, of the Murphy fork, has the thanks of the editor and his better ½ for a sweet potato which weighed 5 pounds 1 ounce, and is the largest potato we have yet seen this season. A root of some kind grew around the center of this potato which left it a peculiar shape.

## Blood.

-- We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood. This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample. Its agreeable taste will surprise you.

Farm Journal is the leading farm paper of the country. Its editor was raised at the plow handles, and knows what he is talking about. We have a clubbing arrangement with that paper, the Farm Journal, by which we can send our paper one year and the Farm Journal, nearly five years (remainder of 1900, all of 1901, 1902, 1903 and 1904) to every one who will subscribe for THE HERALD; both papers at the price of ours only 65 cents.

John Murphy, of the Murphy fork, has been so unfortunate as to lose 27 buck lambs since the third of this month, and he told us Monday that he feared the cholera had tackled his hogs. But he says he has tried to treat his fellow man right, and he don't know why judgment should be sent upon him in this way.

The poet while musing over some beautiful lines and walking over the joists of the new building of John Pieratt a short distance from town, slipped and fell across the joist, bruising his leg and breast, and while not seriously hurt but he says it is quite painful.

Willie Kash and Ed. Taulbee paid a flying visit to Maytown on Sunday.

We are in receipt of a letter from Superintendent H. V. McChesney in which he states that, having received no certificate of the bond of County Superintendent Lacy, he had issued no check for the payment of the teachers of this county. Investigating the matter at once it was learned that Mr. Lacy did give good and sufficient bond on the first day of January, 1900, 'Squire Jim Henry Sebastian, of Daysboro; Notary W. T. Caskey, of our town, and James Rose, Jr., of Stillwater, signing the bond. It is, therefore, very clearly not the fault of Mr. Lacy that the teachers will be delayed a few days in getting their money, and he regrets the matter as seriously and sincerely as any one. As soon as his attention was called to the existing state of affairs Mr. Lacy lit out for Camp-ton, where the trouble is supposed to lie in the oversight of the official whose duty it is to forward the papers, to have the certificate sent at once to Frankfort, and the teachers of the county will get their money in a few days. "Mistakes will happen in the best regulated families," and official officers are just as liable to err. This instance, therefore, will be excused and it is to be hoped never occur again.

A letter received on Monday night from Curtis Pieratt, who is now in Manila, P. I., brings the information that he was honorably discharged in July last, since which time he has been working as a messenger in the quartermaster's department, at a salary of \$40 per month. He says he is in the best kind of health and enjoying life, and hopes to come home next spring. He says he would come now, but having lived in Luzon for over two years he fears that our climate would be too cold this winter. When he returns he will come via New York, and will then have completed the circuit around the world. Curt Pieratt has served his country and at the same time learned more of the world than he would have done in a life time of three score and ten.

Mrs. John H. Pieratt, who has been visiting her sister, Mrs. Andy Tom Pieratt, at Kiddville, for a week or ten days past, returned home Tuesday very much pleased with her visit and improved in health. While there she met another sister, Mrs. Nannie Herndon, of Ashland, and the two enjoyed something of a family reunion. She says she found both Mrs. Pieratt and Mrs. Herndon enjoying good health and apparent wealth, at least sufficient to have the comforts of life, with which they seemed to be blessed.

Jimmie Elkins, of Lacy creek, has the thanks of the editor and his better ½ for three very fine sweet potatoes which weighed 10 pounds. It is a remarkable fact that with one exception, all the sweet potatoes that have been presented to us came from one family and the family connection—Uncle Johnny Rose and his sons-in-law, who seem to have a faculty for raising this succulent vegetable.

The alarm of fire as we go to press proves to be the academy building, from the roof of which a blaze four or five feet high bursts forth, and for a few minutes the building seemed doomed. There was very little water, no ladders available, and it looked beyond the ken of human kind. But a few stout hearts, determined to do or die, with buckets of water from the academy well soon had the flames extinguished. Loss nominal.

J. B. Thompson, for a long time a resident of Hazel Green, but now of Jackson, was a guest of the Day House Sunday night. Asked the news about Jackson, he reported that there was considerable excitement about the small pox, which had broken out among the negroes.

## STAND, MR. YERKES, And Answer the Following Twenty-two Questions,

At Which Time the People of Kentucky  
Are Prepared to Proponnd Yet  
Others for Your Word.

1. If you are elected governor will you before the trial of any of the persons now indicted for being accessory to the murder of Gov. Goebel, pardon any of them?

2. If they are convicted after trial, will you then pardon any of them?

3. If Taylor and Finley are still fugitives, will you issue a requisition for their apprehension?

4. Do you approve the conduct of Gov. Mount, of Indiana, in refusing to honor the requisition of Gov. Beckham for the arrest of Taylor and Finley?

5. Have you ever in public or private conversation, condemned the assassination of Goebel except upon the ground that it might injure the republican party?

6. Were you present at the secret Galt House convention of republicans in Louisville on the night following the Colson-Scott tragedy at Frankfort?

7. If you answer yes to the last question, as you undoubtedly must answer, then you will be further asked if you advocated or approved a proposition to bring the mountain feudists to Frankfort to murder or overawe Goebel or the legislature?

8. If you answer you do not, then you will be asked why you did not, as a dear lover of "civil liberty," that same sweet "civil liberty" your platform and stump orators prate so much about—why you did not, as a lover of liberty and law, expose this damnable plot? (Paraphrasing.) We trust you will not endeavor to excuse yourself on the ground that you were in another part of the large room and that you were afflicted with the same sort of boozing that caused Mr. Blaine to misunderstand Bro. Burchard, and that your imperfect understanding was that the assassins were to be brought only to protect the "civil liberties" of everybody and not for murder.

9. Do you approve the act of Taylor in refusing to allow the civil authorities to search the executive building for the murderers of Goebel?

10. Do you approve Taylor's act in driving the members of the legislature from the State House with soldiers?

11. Do you approve his act in driving the legislature at the point of the bayonet from the court house and other public places in Frankfort, when it endeavored to assemble?

12. Do you approve his act in ordering his soldiers to chase the members of the legislature through the streets of Frankfort?

13. Do you approve his act in quartering soldiers and armed bodies of mountaineers in the public buildings at Frankfort with orders to them to allow no one access to them without a pass from him or the adjutant general.

14. Do you approve his act in driving the judges of the Court of Appeals from Frankfort by converting the state capital into military barracks?

15. Do you approve his act in refusing to obey the writ of habeas corpus?

16. Do you approve his course now in remaining in Indiana, a fugitive from justice?

17. Do you believe he meant to lie or tell the truth when he publicly stated that if indicted he would never become a fugitive from justice, but would return to Kentucky and stand trial?

18. Do you think he ought to return to Kentucky now to stand his trial?

19. If you are elected governor will you obey the constitution and laws of the state?

20. Do you believe the constitution of the United States is the supreme law of the land?

21. Do you believe that the following is a correct quotation of Sub-section 2, Section 2, Article IV, constitution of the U. S.: "Any person charged in any state with treason, felony or any other crimes, who shall flee from justice and be found in another state, shall, on demand of the executive authority of the state from which he fled, be given up to be removed to the state having jurisdiction of the crime?"

22. If this be correct quotation, why did you, as a member of the republican convention at Philadelphia, at a meeting of the Kentucky delegation of republicans, approve a resolution commending and praising Gov. Mount, of Indiana, for deliberately violating this law?

These are a few, only a sample of the inquiries which the people of the state will ask you to answer. You are a courteous gentleman and will no doubt oblige them by full and (shall we say it?) satisfactory answers.—W. P. Walton, in Stanford Journal.

If your horse or mule has a lump, bunch, bone spavin, curb, splint or any like ailment, go to John M. Rose and get a bottle of Quinn's Ointment, which will remove the obstacle.

All who desire to wear nicely laundered shirts, collars, cuffs, etc., should call on Robert Cord, agent for the Lexington Steam Laundry, the work of which is superior to that of any laundry in the state. If

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Judge Amos Davis and Wallace McGuire, esq., of West Liberty, will address the people in the interest of the democratic party at Salem, Morgan county, on Saturday at 1 o'clock. Everybody, and especially the ladies, is invited. The teachers' association will meet at the same place that day.

Bobby Kash, of McCausey, is visiting friends here, and reports that he and "Dick" Russell took in the reunion at Shubert's woods last week. The flying dutchman, which was removed from here, did a good business with Dick as conductor and engineer. The gross receipts of the flying dutchman for three days was \$150.

The attention of all of our readers who contemplate a change of residence to the classic blue grass country is especially directed to the advertisement, "Public Sale of Suburban Farms," which appears with our issue today. These two farms would make an ideal dairy or market garden, either of which properly pursued would make the purchaser a plutocrat with a plethoric purse.

Henry Mattock, representing McMillen, Hazen & Co., Knoxville, Tenn., was a guest at the Day House Tuesday.

Dr. Breck Taulbee, of Mt. Sterling, has been in our midst for several days past visiting some of his patients, all of whom he reports as improving.

**"WHITAR"**  
ONLY WHITE TAR SOAP  
IN THE WORLD.

Whitar Soap is a luxurious and purified toilet soap and is superior to the old black tar soaps in every way. It contains all the healing and antiseptic properties of the black tar soaps, with entire freedom from their objectionable features. It soils neither towel nor wash bowl, for its lather is snow-white. It lathers in Hard or soft water far more freely than other tar soaps, and, being 100 per cent. pure, outlasts any of the "filled" soaps of equal size. It contains much more glycerine than other soaps, and this together with its soft thick lather make it a king among shampoo soaps. In the treatment of skin, scalp and hair diseases, aggravated cases of dandruff, scald head, falling hair, etc., Whitar is highly recommended. Physicians recommend it for babies' baths, and in case of chafe or heat rash, the soap is peculiarly efficacious.

Ask your dealer for it.

## COUNTY NEWS NOTES.

(To insure insertion ALL corre-  
spondence must be in this office by  
Monday night of each week, and  
that nearby on Monday morning.)  
Our correspondents are derelict in duty  
and we want to say that henceforth they  
will not receive papers except for the  
week they have news letters. We are  
dependent upon them for the news and  
when they fail to send in their favors  
they put us to great inconvenience.

**SUNNY SIDE.**  
Edward Oney went to Jackson  
Saturday on business.  
Aunt Kittie Nickell, of Grassy, is  
in this section on the sick list.  
Mrs. Oney spent Friday and Sat-  
urday with Mrs. F. N. Day, of your  
town.  
Mrs. E. K. Pike and Mrs. H. H.  
Swango spent Sunday at Sunny  
Side.

Callie Oney was visiting Miss  
Mattie Cope, of Big Frozen, Satur-  
day and Sunday.  
Turkeys in this neighborhood,  
are dying with cholera. Of course,  
nothing else ever gets the matter  
with fowls.

Brother Tyler, Mrs. Ellen Swan-  
go and Miss Clarke Long passed  
through here last week on their  
way to Pinhook to attend the  
campmeeting.

George Brooks and Jas. Spencer,  
of Stillwater, in company with  
Uncle Rastus Brooks, left last  
Thursday for the reunion of old  
soldiers.

Anderson Low, of Grassy creek,  
spent two or three nights last week  
at this place, but he had been in  
the sorghum business until he was  
the worst stuck up boy we ever  
saw.

In a private letter to this place  
from Miss Laura Bishop, of  
Levita, Texas, she states that her  
brother Sam is soon to be married,  
but did not say to whom. So the  
reader will have to guess who.

Maud Taulbee and Will Alex-  
ander, of Daysboro, passed through  
here Sunday on their way to May-  
town to attend that funeral ser-  
vice.

We left our Sunny Side home  
early last Thursday morning for  
Breathitt county, and over hills  
and high mountains away we did  
go until about one o'clock we  
reached the Nigger branch school  
house where our brother is teach-  
ing. After spending a few hours  
there, we went to Loge Terrill's,  
where my brother boards, to spend  
the night, and on Saturday, in  
company with Miss Dora Terrill,  
we went to the mouth of Frozen to  
see our sister who boards with the  
Rev. Bud Flinchum. Spent a  
pleasant day with her, and came  
back to James Copes for supper.  
We were so sick and tired of our  
journey that we failed for the first  
time to eat gravy, although it was  
of the best quality. Those good  
people up there certainly know  
how to make a romping girl enjoy  
herself, and we came home Sun-  
day evening feeling that it is bet-  
ter to "wear out than to rust out."

which please send THE HERALD  
and The Farm Journal to Mrs.  
Lizzie Roeder, Mercerville, N. J.

We are pained to chronicle the  
death of Rev. H. H. Little, of the  
Christian church. Old Uncle  
Harry, as he was most commonly  
called, who departed this life Oc-  
tober 11th at 9 p. m.; he has kept  
the faith, he has finished his  
course, and gone to wear the crown  
that was laid up for him, and not  
for him only, but for all that love  
and serve God. He was aged about  
73 years, and leaves a wife and  
several children and grandchil-  
dren, and many other relatives and  
friends—we might say legions to

mourn his loss. Our sympathy  
goes out for the bereaved ones.  
Don't grieve, dear friends, your  
loss is heaven's gain, only prepare  
yourselves to meet him who will  
be waiting and watching for you  
to welcome you home.

### The Triennial Conclave.

Not only Templars and Masons  
of every other degree are showing  
deep interest in the Triennial Con-  
clave to be held in Louisville next  
August, but citizens in every walk  
of life in Kentucky are manifesting  
a feeling of rare concern in its suc-  
cess. These encampments, held  
every three years, bring together  
the most representative body of  
American citizenship and much  
rivalry always results in the attempt  
to secure its next meeting. Louis-  
ville tried 12 years before being  
able to land this prize gathering,  
and now proposes to make it the  
banner conclave of all, covering a  
period of nearly one hundred years,  
the first meeting being held in New  
York in 1816 and the latest in  
Pittsburg in 1898. Citizens of  
Louisville, with the aid of the Mas-  
ons of the state, are raising an en-  
tertainment fund of \$100,000, and  
36 committees are now at work  
collecting it and making approp-  
riations for the various forms of  
amusements and special features  
during the conclave. Seven thou-  
sand dollars is to be spent on a street  
pageant, the floats of which will  
convey to the thousands of people  
lining the side walks the history of  
Templary since the Crusades. Five  
thousand more dollars is to go in  
prizes to be offered at the competi-  
tive drill, the first since the San  
Francisco conclave in 1883. Another  
big amount of money will be  
burned up in the fire works on the  
river front, unequalled in the an-  
nals of American celebrations. The  
remainder will be distributed  
among the horse show fund, full-  
dress balls, vaudeville entertain-  
ment, boat excursions and to mon-  
ster parade with 25,000 uniformed  
Knights in line. A feature of  
special interest to interior Ken-  
tuckians are the side-trips being  
arranged. Nearly every command-  
ery will take a sight seeing run  
into the Blue Grass, the mountains  
or Western Kentucky. Every com-  
mandery in the state has been  
asked to appoint a sponsor—the  
most beautiful girl of its section—  
for the Triennial.

A large time is anticipated at  
West Liberty on Monday. We un-  
derstand that Senator Blackburn  
and Hon. Wm. Thorn, of Henry  
county, will address the people, and  
it is confidently believed that Mon-  
day will bring to West Liberty the  
largest crowd seen there in years.

## EDITORIAL BRIEFS.

SINCE the coal strike began we have heard less of the full dinner pail.

If Roosevelt wants to see what a crowd is like he ought to travel with Mr. Bryan for a while.

SOMEBODY ought to tell the Colorado miners that their state is expected to give its vote to McKinley.

MARK HANNA continues to insist that there are no trusts, and that they reduce prices. Mark's is a comprehensive mind.

IN what way has our government in Cuba been better than that of Spain? We wait for a reply, but we don't expect one.

NOW cometh the time when the intelligent voter will want to vote and will find that he has forgotten to register until too late.

GOVERNOR HOGG, of Texas, calls Roosevelt an "iridescent incubator" of war ideas. That certainly ought to hold Teddy for a while.

AS IF Shanghai had not done sufficient service in the cause, the French government is also about to publish a "yellow book" on China.

IF Roosevelt will only continue to orate through the west a little longer, he will make all of that section absolutely certain for Bryan.

THE republican attitude towards trusts is much like their attitude towards prohibition. They favor the law but oppose its enforcement.

RUSSIA, it is understood, gets Manchuria in return for the retreat from Peking of the Russian troops. What does the United States get?

MR. HANNA says that Bryan is an honest man but a demagogue. There is little chance that Bryan will reverse this statement and apply it to Hanna.

EX-GOVERNOR PATTERSON, of Pennsylvania, who has just returned from Porto Rico, draws a terrible picture of the results of carpet-bag administration there. He says that the people are bankrupt both individually and as a whole and are starving.

THE playing card trust has discovered that wicked merchants are buying the cards that the trust shipped abroad, bringing them back free of duty (as being of American manufacture) and yet selling them for less than the trust will sell for in this country, and has asked the treasury department to put a stop to it. In other words, the trust confesses that it sells its product abroad for tithe of what it charges at home. It is pleasant to add that even the McKinley treasury refused this outrageous request.

IT is certainly singular that whenever the administration puts forth a statement in regard to the suppression of the so-called rebellion in the Philippines, the next cable via Hongkong—where the censor cannot reach—should bring the news of an American reverse that gives the lie to all the administration optimists. It has happened again and again.

IN a recent speech, Mr. Bryan called the attention of the Wisconsin farmers, who raise large quantities of barley, to the fact that they, at least, had not profited by the alleged prosperity. The price of their crop is shown by statistics to have sold for four cents a bushel less than during Cleveland's administration.

IN 1896, according to Indiana law, the ballots were destroyed before the judges left the polling booth. This year, the law provides that they must be retained for a while. The republicans, therefore, will not dare to steal the state as deliberately as they did four years ago.

NOTE these facts! Secretary Long rejected, all the armor-makers' bids as being extortionate. Senator Penrose and Carnegie's manager called on President McKinley. Carnegie came out openly for McKinley's re-election. Secretary Long decides to reconsider his rejection of the armor bids. Ha! ha! ha!

GOVERNOR MOUNT, of Indiana, is said to have asked Hanna for Heavens sake to stop explaining his anti-trust speech, because the more it is explained the worse it gets. Governor Mount, himself, has been careful to avoid explaining his protection of the alleged murderers of Goebel.

MR. ROCKHILL has reversed the unofficial interview that he gave to the Associated Press and now says that American troops can be safely retired from China. There is more than a suspicion that Mr. Rockhill advises whatever McKinley directs.

ISN'T it somewhat curious that we can ship coal to Great Britain, pay the freight and sell it at a profit in the British market, and yet require a duty of 40 cents a ton to keep the British from shipping their coal into the United States?

OF course, the war is over in the Philippines, in spite of the average weekly casualty list of about 50 and the army of 65,000 still maintained there. "The devil is dead," no doubt, but who carries his business on so well?

ALFRED AUSTIN is said to be preparing a poem on Prince Tuan and the Chinese troubles. We object. It's all right to put Tuan to death, we suppose, but it isn't right to inflict cruel and unusual punishments even upon him. Please don't, Alfred.

LOTS of men had laid in their coal supply when the strike began, but very few of them had paid for their wives' new tailor-made suits for the winter. Therefore, there are still heavy tribulations to be borne.

How many babies can you think of that have been named for McKinley this fall? How many named for him four years ago? This is only a straw, but it is a strong one as to the direction of popularity nowadays.

A NEW World's Peace Congress is to meet in Paris. We can't help wondering whether the United States and Great Britain will have the nerve to send delegates to speak in favor of peace and arbitration.

THE London alderman receive no salaries, but possibly their places may be worth something after all, now that Mr. Yerkes, of Chicago, is going into the street railway business there.

HANNA says that the only trust is trust in McKinley. Well, it seems cruel to attack the dying but if Hanna will wait until November, Bryan will swat that along with the other trusts.

IF militarism is not an issue why is Roosevelt using it in his campaign? Why is he met at every station by a Rough Rider outfit and why does he so glorify the military displays they make?

THE republicans charge that Bryan has too many issues and is too impartial amongst them. The only issue they really want is one that will scare money out of the pockets of the bankers, trusts and corporations.

THE frost that settled on the brow of Teddy at Mt. Sterling on Monday will only be dispelled by the freeze that will come the 7th of next month. The only sunshine apparent was in the smiles of the Bryan democrats present.

THERE are 350 rolling mill men on a strike at Hartford, Conn., on account of the empty dinner pail, and your Uncle Mark Hanna will try the taffy-tolu trick with them until after election.

FOR a country that boasts of the "full dinner pail" for its working people did you ever hear of so many strikers, who claim that under the trusts they cannot live at starvation wages.

OHIO cast 76,000 more votes in 1896 than the census figures for the present year show her to contain voters. Where did those votes come from, Mr. Hanna?

HOWEVER bad Richard Croker may be alleged to be, few people have the nerve to say that he is any worse or more dangerous to the life of the republic than is Mark Hanna.

PORTO RICANS have registered in Baltimore as "citizens by annexation" and will vote at the fall election. This is all wrong, of course, congress merely gave them 15 per cent of a vote.

THE trouble with Germany's proposal to punish the guilty before negotiating with China, seems to be that, if this were done, there would be no government left there to negotiate with.

SOMEHOW, the Boer leaders are not surrendering as fast as had been expected. Maybe, Kruger is really going back and may be the war is not yet over.

EARL LI had better get his peacock feather and his yellow jacket clamped down before the wind shifts again and Tuan gains the ascendancy once more.

AS SURE as the sun shines in the heavens McKinley's selection means the authorization of a standing army of 100,000 men. Who doubts it—and who wants it?

MR. HANNA says there are no trusts because the laws forbid them. Will he say that there are no thieves, for instance, because the laws forbid them?

EMPEROR WILLIAM talks right up to the point in his letter to Kwang Su. He wants blood, and means to have it.

W. R. SMITH'S COMMERCIAL COLLEGE, LEXINGTON, KY.

Is The Place to Educate for Profit, to Get a Living and Become Useful Citizens.

A good education is necessary to make our children influential in the world. It is an imperishable capital, a grand legacy that will last as long as life exists. No young man should venture into business for himself or attempt to take charge of another's without a business training.

Prof. Wilbur R. Smith has been the well known president of the Commercial College of Kentucky University, Lexington, Ky., for 25 years during which time he has educated thousands of young people for positions of honor and trust. His graduates are to be found in high salaried positions all over this broad land. Prof. Smith makes a specialty of imparting to young and middle-aged people a practical education, as bookkeeping, shorthand and typewriting, etc. He has been connected with various enterprises in an official capacity; has been vice president of a National bank, and adjutant general of Kentucky. He now devotes his whole time to his college work. This responsible and influential college watches the interest of its pupils.

Situations are secured by hundreds of its graduates every year. They have the distinguished honor of being awarded the diploma by the Kentucky University, under seal.

Lexington, Ky., contains 35,000 people. Its society has always been recognized as the most hospitable and cultivated. It is the very place for young people to attend college during the summer and fall.

At no time in the history of the entire country has there been such a demand for educated young men and women. The south is richer now by far than ever before. More factories are going up and new capital coming from the North and East seeking investment. In conclusion we refer you to Prof. Smith's advertisement in this paper. He will gladly send you full particulars of his famous college by addressing only, Prof. W. R. Smith, Lexington, Ky.

FOR SALE—A scholarship in the Commercial College of Kentucky University. By early application at this office some young man can save several dollars.

Grand Fall and Winter Opening.

There is nothing in the way of news, perhaps, that will so much interest a certain element in our society as the fashions in dress, and when we say dress we mean every article that goes to artificially beautify our already beautiful and bewitching maidens and matrons. Miss Lula Kash, herself, having in mind our very idea, has just purchased and will today and tomorrow (Friday and Saturday) display the most elegant line of ladies' trimmed and untrimmed hats, hat trimmings, dress goods and dress trimmings, ribbons, belts, tucking combs, buttons, hooks and eyes, pins, etc. Her line of trimmed hats is said to be the finest that was ever brought east of Mt. Sterling, and Miss Lula assures us that she will sell at prices that no one dare duplicate unless they wish to go into voluntary bankruptcy. And in all lines as well her prices are away down to bedrock. She wants every lady in the land together with their mothers, cousins, aunts and sisters-in-law to call tomorrow or next day and see the display. Feathers, yes indeed she has some beauties, many of them plucked from South African ostriches since "Bobbs" made Kruger trek.

TO THE DEAF.

## THE HERALD.

### FARM JOURNAL

**Great Offer.** From now to Dec. 1903, Nearly 5 Years.

By special arrangement made with the publishers of the FARM JOURNAL we are enabled to offer that paper to every subscriber who pays for THE HERALD one year ahead for only \$1.00 both papers for the price of ours only; our paper one year and the FARM JOURNAL from now until December 1903, nearly 5 years. The FARM JOURNAL is an old established paper enjoying great popularity, one of the best and most useful farm papers published.

This offer should be accepted without delay.

W. T. Caskey left Sunday morning for Mt. Sterling on a business visit.

Joe Robards on Monday sold to Ira Wells his farm, lying at the mouth of Gillmore creek, containing about 40 acres, for \$300 cash in hand.

Burke Finch on Monday bought of Uncle Pres Trimble 62½ acres of land lying between his farm and the farm of Sabron Trimble, for \$400.00.

### HUMORS

boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

Roscoe Burton, of Lawrence county, has accepted a position in John Davis' shop. He comes recommended as a first-class workman, and Mr. Davis promises satisfaction to all customers.

Remember the election for president of the United States will be held two weeks from next Tuesday, and let every democrat be at the polls and cast his vote for Bryan and Stevenson.

"You May Bend the Sapling, but not the tree." When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself. Hood's Pills are a favorite family cathartic.

Miss Alice Wills, who lives with W. T. Caskey and wife, was taken suddenly ill on Sunday night while in church, and for a while her condition was critical. Dr. Nickell was summoned to attend her, and on Monday morning she was much better!

Uncle John Rose, of Lacy creek, has the thanks of the editor and his better ½ for two of the finest sweet potatoes we have seen this season. They weighed nine pounds, and Oscar Cecil says he is willing to give up the laurels to Uncle John.

There are fifty million herd of cattle in the United States, of which number from fifteen to twenty million are dairy cows. If every one of our readers would get Biggle Cow Book, published at 50c, by Wilmer Atkinson Co., Philadelphia, they could greatly increase the product from every cow in their herd.

### SHE NEVER SMILES.

BY SAM WILSON.

She never smiles, although a queen,  
A jewel in society's class;  
While at her home the gifted stream  
And homage pay to this fair lass.

Her heart is pure and fancy free,  
And stoops not to the art of wiles;  
She's beautiful as beautiful can be,  
And yet she never, never smiles.

I saw upon her peerless face  
No shadow of an inward gloom,  
But an ever present exquisite grace  
Was glowing there with radiant bloom.

Beneath the blue expanse of sky  
There's none with brighter charms arrayed;  
She never smiles, I'll tell you why,  
Because her front teeth are decayed.

S. R. Collier, the West Liberty dentist, will be in Hazel Green on the 24th inst., and remain for a short time only. All who need dental work of any kind should avail of the opportunity and take time by the forelock so as to be prepared when he comes, as his time is limited, and he can not stay but a few days. Dr. Collier has done a good deal of work for citizens of our town and the vicinity, and we have never heard of a complaint in any way. He renders satisfaction and is prepared to do any kind of work in the latest and most approved style, and at prices low as the like class of work can be done for. Remember he will be here on the 24th and be prepared to see him on the 25th. Then you will not be disappointed.

Henry Murphy, of the Murphy fork, has the thanks of the editor and his better ½ for a sweet potato which weighed 5 pounds 1 ounce, and is the largest potato we have yet seen this season. A root of some kind grew around the center of this potato which left it a peculiar shape.

## Blood.

-- We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample. Its agreeable taste will surprise you.

Farm Journal is the leading farm paper of the country. Its editor was raised at the plow handles, and knows what he is talking about. We have a clubbing arrangement with that paper, the Farm Journal, by which we can send our paper one year and the Farm Journal, nearly five years (remainder of 1900, all of 1901, 1902, 1903 and 1904) to every one who will subscribe for THE HERALD; both papers at the price of ours only 65 cents.

John Murphy, of the Murphy fork, has been so unfortunate as to lose 27 buck lambs since the third of this month, and he told us Monday that he feared the cholera had tackled his hogs. But he says he has tried to treat his fellow man right, and he don't know why judgment should be sent upon him in this way.

The poet while musing over some beautiful lines and walking over the joists of the new building of John Pieratt a short distance from town, slipped and fell across the joist, bruising his leg and breast, and while not seriously hurt but he says it is quite painful.

Willie Kash and Ed. Taulbee paid a flying visit to Maytown on Sunday.

We are in receipt of a letter from Superintendent H. V. McChesney in which he states that, having received no certificate of the bond of County Superintendent Lacy, he had issued no check for the payment of the teachers of this county. Investigating the matter at once it was learned that Mr. Lacy did give good and sufficient bond on the first day of January, 1900, 'Squire Jim Henry Sebastian, of Daysboro; Notary W. T. Caskey, of our town, and James Rose, Jr., of Stillwater, signing the bond. It is, therefore, very clearly not the fault of Mr. Lacy that the teachers will be delayed a few days in getting their money, and he regrets the matter as seriously and sincerely as any one. As soon as his attention was called to the existing state of affairs Mr. Lacy lit out for Camp-ton, where the trouble is supposed to lie in the oversight of the official whose duty it is to forward the papers, to have the certificate sent at once to Frankfort, and the teachers of the county will get their money in a few days. "Mistakes will happen in the best regulated families," and official officers are just as liable to err. This instance, therefore, will be excused and it is to be hoped never occur again.

A letter received on Monday night from Curtis Pieratt, who is now in Manila, P. I., brings the information that he was honorably discharged in July last, since which time he has been working as a messenger in the quartermaster's department, at a salary of \$40 per month. He says he is in the best kind of health and enjoying life, and hopes to come home next spring. He says he would come now, but having lived in Luzon for over two years he fears that our climate would be too cold this winter. When he returns he will come via New York, and will then have completed the circuit around the world. Curt Pieratt has served his country and at the same time learned more of the world than he would have done in a life time of three score and ten.

Mrs. John H. Pieratt, who has been visiting her sister, Mrs. Andy Tom Pieratt, at Kiddville, for a week or ten days past, returned home Tuesday very much pleased with her visit and improved in health. While there she met another sister, Mrs. Nannie Herndon, of Ashland, and the two enjoyed something of a family reunion. She says she found both Mrs. Pieratt and Mrs. Herndon enjoying good health and apparent wealth, at least sufficient to have the comforts of life, with which they seemed to be blessed.

Jimmie Elkins, of Lacy creek, has the thanks of the editor and his better ½ for three very fine sweet potatoes which weighed 10 pounds. It is a remarkable fact that with one exception, all the sweet potatoes that have been presented to us came from one family and the family connection—Uncle Johnny Rose and his sons-in-law, who seem to have a faculty for raising this succulent vegetable.

The alarm of fire as we go to press proves to be the academy building, from the roof of which a blaze four or five feet high bursts forth, and for a few minutes the building seemed doomed. There was very little water, no ladders available, and it looked beyond the ken of human kind. But a few stout hearts, determined to do or die, with buckets of water from the academy well soon had the flames extinguished. Loss nominal.

J. B. Thompson, for a long time a resident of Hazel Green, but now of Jackson, was a guest of the Day House Sunday night. Asked the news about Jackson, he reported that there was considerable excitement about the small pox, which had broken out among the negroes.

3. If Taylor and Finley are still fugitives, will you issue a requisition for their apprehension?

4. Do you approve the conduct of Gov. Mount, of Indiana, in refusing to honor the requisition of Gov. Beckham for the arrest of Taylor and Finley?

5. Have you ever in public or private conversation, condemned the assassination of Goebel except upon the ground that it might injure the republican party?

6. Were you present at the secret Galt House convention of republicans in Louisville on the night following the Colson-Scott tragedy at Frankfort?

7. If you answer yes to the last question, as you undoubtedly must answer, then you will be further asked if you advocated or approved a proposition to bring the mountain feudists to Frankfort to murder or overawe Goebel or the legislature?

8. If you answer you do not, then you will be asked why you did not, as a dear lover of "civil liberty," that same sweet "civil liberty" your platform and stump orators prate so much about—why you did not, as a lover of liberty and law, expose this damnable plot? (Paraphrasing.) We trust you will not endeavor to excuse yourself on the ground that you were in another part of the large room and that you were afflicted with the same sort of boozing that caused Mr. Blaine to misunderstand Bro. Burchard, and that your imperfect understanding was that the assassins were to be brought only to protect the "civil liberties" of everybody and not for murder.

9. Do you approve the act of Taylor in refusing to allow the civil authorities to search the executive building for the murderers of Goebel?

10. Do you approve Taylor's act in driving the members of the legislature from the State House with soldiers?

11. Do you approve his act in driving the legislature at the point of the bayonet from the court house and other public places in Frankfort, when it endeavored to assemble?

12. Do you approve his act in ordering his soldiers to chase the members of the legislature through the streets of Frankfort?

13. Do you approve his act in quartering soldiers and armed bodies of mountaineers in the public buildings at Frankfort with orders to them to allow no one access to them without a pass from him or the adjutant general.

14. Do you approve his act in driving the judges of the Court of Appeals from Frankfort by converting the state capital into military barracks?

15. Do you approve his act in refusing to obey the writ of habeas corpus?

16. Do you approve his course now in remaining in Indiana, a fugitive from justice?

17. Do you believe he meant to lie or tell the truth when he publicly stated that if indicted he would never become a fugitive from justice, but would return to Kentucky and stand trial?

18. Do you think he ought to return to Kentucky now to stand his trial?

19. If you are elected governor will you obey the constitution and laws of the state?

20. Do you believe the constitution of the United States is the supreme law of the land?

21. Do you believe that the following is a correct quotation of Sub-section 2, Section 2, Article IV, constitution of the U. S. "Any person charged in any state with treason, felony or any other crimes, who shall flee from justice and be found in another state, shall, on demand of the executive authority of the state from which he fled, be given up to be removed to the state having jurisdiction of the crime?"

22. If this be correct quotation, why did you, as a member of the republican convention at Philadelphia, at a meeting of the Kentucky delegation of republicans, approve a resolution commending and praising Gov. Mount, of Indiana, for deliberately violating this law?

These are a few, only a sample of the inquiries which the people of the state will ask you to answer. You are a courteous gentleman and will no doubt oblige them by full and (shall we say it?) satisfactory answers.—W. P. Walton, in Stanford Journal.

## DO YOU GET UP WITH A LAME BACK? Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Judge Amos Davis and Wallace McGuire, esq., of West Liberty, will address the people in the interest of the democratic party at Salem, Morgan county, on Saturday at 1 o'clock. Everybody, and especially the ladies, is invited. The teachers' association will meet at the same place that day.

Bobby Kash, of McCausey, is visiting friends here, and reports that he and "Dick" Russell took in the reunion at Shubert's woods last week. The flying dutchman, which was removed from here, did a good business with Dick as conductor and engineer. The gross receipts of the flying dutchman for three days was \$150.

The attention of all of our readers who contemplate a change of residence to the classic blue grass country is especially directed to the advertisement, "Public Sale of Suburban Farms," which appears with our issue today. These two farms would make an ideal dairy or market garden, either of which properly pursued would make the purchaser a plutocrat with a plethoric purse.

Henry Mattock, representing McMillen, Hazen & Co., Knoxville, Tenn., was a guest at the Day House Tuesday.

Dr. Breck Taulbee, of Mt. Sterling, has been in our midst for several days past visiting some of his patients, all of whom he reports as improving.

## "WHITAR" ONLY WHITE TAR SOAP IN THE WORLD.

Whitar Soap is a luxurious and purified toilet soap and is superior to the old black tar soaps in every way. It contains all the healing and antiseptic properties of the black tar soaps, with entire freedom from their objectionable features. It soils neither towel nor wash bowl, for its lather is snow-white. It lathers in Hard or soft water far more freely than other tar soaps, and, being 100 per cent. pure, outlasts any of the "filled" soaps of equal size. It contains much more glycerine than other soaps, and this together with its soft thick lather make it a king among shampoo soaps. In the treatment of skin, scalp and hair diseases, aggravated cases of dandruff, scald head, falling hair, etc., Whitar is highly recommended. Physicians recommend it for babies' baths, and in cases of chafe or heat rash, the soap is peculiarly efficacious.

Ask your dealer for it.
